WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

INTRODUCTION

This report is one of a continuing series by NPIC on North Korean ports and naval installations. The Chaho-nodongjagu Submarine Base is a recently constructed facility. A small fishing village was completely remade into a major naval installation. Located on the Chaho Hang, this base is capable of berthing or anchoring a major portion of the NKN East Sea Fleet.

NAME

Chaho-nodongjagu Submarine Base

COUNTRY GEO COORDINATES

KN 40-12-33N 128-39-01E

On the east coast of North Korea on the former site of Chaho-nodongjagu.

This installation is a major naval base capable of providing extended logistical support to any unit in the NKN inventory. Vessels observed at Chaho-nodongjagu include SS and PGM.

Facilities include 1 large T-head pier, 4 quays, 14 operations support buildings, 1 probable headquarters building, at least 6 semi-buried storage buildings, an extensive spoil area along the west side of the bay, and at least 50 barracks/support buildings. Numerous barracks-like buildings are also located in the area.

The harbor has general depths of 7 to 11 fathoms.
